

Located on Saturna Island at the foot of the Georgia Strait where the Strait meets Boundary Pass, Eastpoint Cottages are ideal for those who want to get away to a locale promising peace and tranquility in the midst of abundant wildlife and towering fir trees where bald eagles perch. Our cottages are situated on nearly six acres of Saturna lowbank waterfront, and forty acres of trailed forest land are your own private back yard. Orca whale watching in the best location of the Southern Gulf Islands is right next door at East Point Park, which is also on a bird navigational route.

**Secluded sandy beaches**

**Great fishing**

**Island Scenery**

## the cottages

Each of our cottages has been sited to take advantage of the spectacular ocean views, and has a deck for you to enjoy, a well-equipped kitchen with a full-sized fridge and stove, a complete bathroom and separate living room and bedroom(s). Some of the cottages are west coast style with wall-to-wall glass across the front of the cottage, cedar vaulted ceilings, and a cedar feature wall in nearly every room. A grassy area surrounds each cottage, we have left many of the big trees that look so lovely and are such an attraction to many kinds of birds. Bald eagles like to perch in these trees, singing their beautiful songs while watching for food. You might even catch a glimpse of passing whales from your front porch! East Point Ocean Cottages is a "pet friendly" resort, so your four-legged canine family members are also welcome! Standard leash & clean-up rules of conduct apply.

**Cottage #3 - Rental**

**Cottage #4 - Rental**

## saturna island

Saturna Island can provide all the amenities required for a perfect getaway vacation, plus all the outdoor activities that can be enjoyed on our island. In summer, swimming at the beach is a favorite pastime. In winter, watching storms throw spume high in the air or tramping through dripping woods are favoured. Whether your pleasure is whale watching, kayaking hiking, birding, swimming, biking or just plain lazing, you are going to feel refreshed after a stay at East Point Resort. Saturna Island, British Columbia.
